Learn about damselflies and dragonflies, July 5

GENEVA, IL —Let's spy on dragonflies and damselflies.

Join naturalists from the Forest Preserve District of Kane County for a "Damselflies and Dragonflies" nature program on Tuesday, July 5, at Burnidge Forest Preserve. This free program is from 10-11 a.m.

"The brightly colored bodies and delicate wings of dragonflies and damselflies make them easy to spot and fun to study," says Nature Programs Manager Valerie Blaine. "These mosquito-eaters are often found near open water. During the program, we'll search the ponds and surrounding plants for these fascinating insects," she said.

All ages are welcome at this family-friendly program, children must be accompanied by an adult. Burnidge Forest Preserve is located at 38W235 Big Timber Rd. in Elgin.

To register, call 847-741-8350 or e-mail programs@kaneforest.com. To view a full roster of Forest Preserve District programs, visit www.kaneforest.com.
