Discover beetles, bees, and butterflies during June 23 pollinator program

GENEVA, IL —In celebration of the 5th annual “National Pollinator Week,” the Forest Preserve District of Kane County will again host “Pollinators a Plenty,” a nature program for families.

On Saturday, June 25, from 10 - 11 a.m., everyone’s invited to LeRoy Oakes Forest Preserve to search the prairie for pollinators of all kinds — including beetles, bees and butterflies. Naturalists will discuss the important jobs of these animals, as well as some of the problems pollinators are now facing.

Please wear long pants and closed-toe shoes, as the hunt may lead off trail. Children must be accompanied by an adult. This program is free of charge.

LeRoy Oakes Forest Preserve is located at 37W370 Dean St. in St. Charles.

To register, call 847-741-8350 or e-mail programs@kaneforest.com To view a full roster of Forest Preserve District programs, visit www.kaneforest.com.
