**Learn about Isle Royale National Park at Senior Stroll program**

GENEVA, IL — While it's cold outside, area seniors are invited inside Barbara Belding Lodge at Brewster Creek Forest Preserve to learn about Isle Royale National Park, as part of our monthly "Senior Stroll" program series.

On Thursday, Feb. 1, join us for a travelogue, about Naturalist Barb McKittrick's visit to Isle Royale National Park — a place of isolation and wilderness — surrounded by the icy waters of Lake Superior. You'll learn about the Isle Royale wolf/moose project, the longest continuous study of any predator-prey system in the world. McKittrick will also talk about the unique geology, wildlife, plant life and cultural history of the remote island archipelago.

This program is from 10 a.m. - noon. We'll provide the snacks. Registration is not required for this free program. All seniors are welcome to join us for festivities, fellowship and more.

The Barbara Belding Lodge is located within Brewster Creek Forest Preserve at 6N921 Rte. 25, St. Charles.

For a full list of Forest Preserve District of Kane County nature programs, visit us online at [www.kaneforest.com](http://www.kaneforest.com) or find us on social media @forestpreserve.
